

# SLIDEASINGLE

Undermount Slide Systems

## A new step towards perfection...

---

Slidea, an inseparable part of elegant and functional life spaces, bring a unique understanding to the concept of drawer in many aspects from elegancy and functionality to practicality and durability.

Slidea is the new name of Slide Systems!

### Slidea Soft - Close

---

Due to the cutting edge technology of new adaptive oil damper, drawers can be closed softly with the same smooth closing effect even if the drawer weight changes. You will enjoy the comfort of smooth closing experience every time.

### Slidea Push - Open

---

Thanks to Slidea Push Open System from now on, your drawers only needs a gentle touch for opening. Widen your freedom of design with non-handle drawers.

You can also make precise alignment on front gap with adjustable push - open version.

Drawer and Cabinet Dimensions S-C [Pin Fix]

Single Extension Soft-Close Pin Fix [18 mm]
