

# ALPHABOX

new generation drawer systems

samet

## **AlphaBox, ahead of its time design with minimalist form...**

---

AlphaBox provides an innovative and ideal touch to living areas with perfect motion technology and modern lines.

## **Maximum Comfort**

---

Sleek design maximises space and comfort in drawers.

## Colours

---

Design freedom with impressive colour options.

## Synchronisation

---

Perfect movement feature with advanced synchronisation technology.

## Height & Side

The three-dimensional adjustment system provides precise gap alignment. Height and side adjustments can be done in an easy way with a special mechanism assembled inside the drawer.

## Advanced Technology

Thanks to Alphabox's state-of-the-art synchronisation technology and impeccable opening and closing features, drawers open with a simple touch and close in complete silence.

## **INVARIA** Inner Drawer Systems

---

Alphabox offers unique and convenient solutions in inner drawer system with its elegant design.
